

## How MedPro Disposal helped Children's Medical Group save thousands of dollars on medical waste disposal per year.

**Children's Medical Group** sees patients by appointment daily in their two locations. While many children fear going to the doctor's office and getting shots, the team aims to make each visit as comfortable as possible.

With the amount of medical waste Children's Medical Group is generating, including sharps from children's vaccines, they have been **sustaining** an increasing amount of medical waste disposal costs. Their previous medical waste provider tied them into a contract that **quadrupled pricing** over the course of **five years**.

”

"Every single person that I've spoken to during the process of switching service to MedPro Disposal was courteous, patient and customer-focused. They went out of their way to make adjustments according to our requests...and were happy to serve us."

**-Lori, Children's Medical Group of Saginaw**
