Engineered for Zero Disruptions

Compliant Transition.

Ensuring adherence to all regulations for a totally risk-free, by-the-book switch.

On-Time Implementation.

A strict schedule actively managed by our specialists.

Dedicated Support.

A specialized transition team managing the operational details on your behalf.

No Service Interruptions.

Seamless continuity so your facility never skips a beat or incurs downtime costs.

From Decision to Go-Live in 14 Days

Typical Transition Time: 1-2 Weeks
(Varies by location & agreement)

Days 1-3

Days 3-10

Days 10-14+

**Assessment
& Strategy**

**Infrastructure
& Alignment**

**Execution &
Excellence**

Phase 1: Assessment & Strategy

Day 1

Step 01: Discovery & Current Review

- Initial discovery call and information gathering.
- Review current service, locations, waste streams, pickup frequency, and container types.
- Analyze pricing, contract terms, and address any current concerns.

Days 2-3

Step 02: Transition Plan Developed

- Custom plan delivered for your review and feedback.
- Timeline outlining major steps and contract review items.
- Clear alignment on equipment needs and responsibilities for a smooth implementation.

Phase 2: Infrastructure & Alignment

Days 3–5

Step 03: Agreement & Account Setup

- Finalize agreement and activate account.
- Gather required documents and compliance information.
- Coordinate physical access for all locations.

Days 5–7

Step 04: Equipment & Supply Planning

- Confirm container needs and delivery schedules.
- Schedule delivery for any replacement or additional supplies required at each location.

Days 7–10

Step 05: Staff Communication & Coordination

- Help communicate the change internally.
- Share service information and provide training resources.
- Coordinate schedules so everyone is ready for the transition.

Phase 3: Execution & Excellence

Days 10–14

Step 06: Final Prep & First Pickup Set

- Final confirmation before your first MedPro pickup.
- Confirm pickup dates and review pickup areas.
- Ensure service access is clear and containers are perfectly in place.

Ongoing

Step 07: Go Live & Ongoing Support

- Your first pickup is completed!
- Review initial service and resolve any open items.
- Move your account into normal service with continuous, ongoing support every step of the way.

You're Never Doing This Alone

MedPro's dedicated transition specialists manage every single detail of the timeline so you experience a smooth, compliant switch with absolutely no gaps in service.
